## MARY AND MARTHA

We all lead busy lives. Even children have full schedules! What is one to do when faced with a list of numerous “good” activities? We place certain pursuits higher on the to-do list, while others wait in the wings. It’s a tricky process often requiring last minute juggling. The story of Mary and Martha speaks to this balancing act and urges us to be sure to include one critical item: spend time with God.

**Objectives** - by the end of the Rotation, children will:

- Know that God has given us different talents to help others.
- Discuss ways to balance our busy lives.
- Realize that we do not need to worry about little things.
- Learn that we do not need to concern ourselves with what other people are doing.
- Understand the importance of taking time to listen to God’s voice.

*Memory Verse: “The Lord answered, ‘Martha, Martha! You are worried and upset about so many things, but only one thing is necessary.’” ~ Luke 10:41-42a*
